Vehicle Specifications:

Brand:	*E-Trucks Europe*
Type:	*H2 Hydrogen-ready*
G.V.M.:	*26500kg*

Motor:

Power:	*200kw*
Type:	*3 phase electric motor (PEM)*

Battery Pack:

Weight:	*1200kg*
Energy capacity:	*160kWh*

Charging Time:

Charging time:	*8 hours*

Brake Energy:

By means of regenerative braking, the brake energy is stored in the battery pack.

Powertrain:

Axle configuration:	*6x2*
Transmission:	*E-Drive*

Operating range:

Urban use:	*120km*

Hydrogen Range Extender (mounting 2019):

Hydrogen storage:	*20kg*
Fuel Cell power:	*40kW*
